Section One—8 Pages

New Car For Mayor Lebas; Television For Legion Hall

By REV. J. A. McGRANE

The Armistice Day celebrations were held as usual on Thursday, Nov. 11. The Mayor of Lac La Biche, Chas. Lebas, wins new car, and television installed. That is the news this week from the local branch of the Canadian Legion. Here are the details.

This year, especially with mild weather in vogue, the Remembrance Day parade and services and the Armistice celebrations were among the best ever held in Lac la Biche. The turnout for the parade was the largest since the end of the war, and both the Catholic and the Anglican churches were packed for the respective services. The parade was led by the local Sea Cadets Corps, followed by the veterans, then the Fire Brigade. This was the first year the brigade paraded as a body in uniform. At the War Memorial, the parade halted and wreaths were laid in memory of those who paid the supreme sacrifice. The wreaths were placed by uniformed members of the three armed services. For the Air Force by Mr. N. Miskew, The Army by Mr. René Rizzoli, and The Navy by Rev. J. E. McGrane. J. Williams was Parade Marshal.

After this ceremony, Remembrance Day services were held, that in the Anglican Church conducted by Rev. R. H. S. Greene, and in the Catholic Church a Requiem High Mass, was celebrated by Rev. J. E. McGrane. After the services the annual banquet was held in the Legion Club. In the evening the usual Armistice Day dance was held in the Memorial Hall. A special feature this year was the drawing for the new 1954 Chevrolet sedan purchased by the Legion through the Central Garage. The money from this raffle will be used to enlarge the present Memorial Hall and to install modern conveniences. The lucky winner was His Worship the Mayor of Lac la Biche, Mr. Chas. Lebas, with ticket No. 101. All the tickets were placed in a revolving drum motivated by an electric device arranged by Len Gregory. The sides of the drum were made out of celluloid and the tickets were always in full view of the audience. The draw of the lucky ticket was made by Miss Joyce Breau.

Also on Nov. 11, television was installed in the Legion Club. The installation was made by Mr. Sam

Annual Constituency Meeting At Lac la Biche

The Lac la Biche Social Credit Constituency Association will hold its annual constituency meeting at Lac la Biche on Friday, Nov. 19 from 1 to 2 p.m. for the election of a constituency executive and preparing the 1955 Road Program. Hon. A. J. Hooke, Minister of Public Works and Economic Affairs, and Mr. H. Lobay, MLA, will address the meeting.

Following the meeting, the Lions club of Lac la Biche is sponsoring an evening of entertainment, a concert and dance by a group from the Cultural Activities Branch. This Edmonton orchestra will play for the dance. All proceeds will go for community betterment.

Gourin

On Nov. 5, a shower party was held at the home of Mrs. Jimmie Campbell in honor of Marie Boulanger who is to be married to Germain Routhier on Nov. 18. Many friends attended the party and the bride-to-be received numerous lovely, useful gifts.

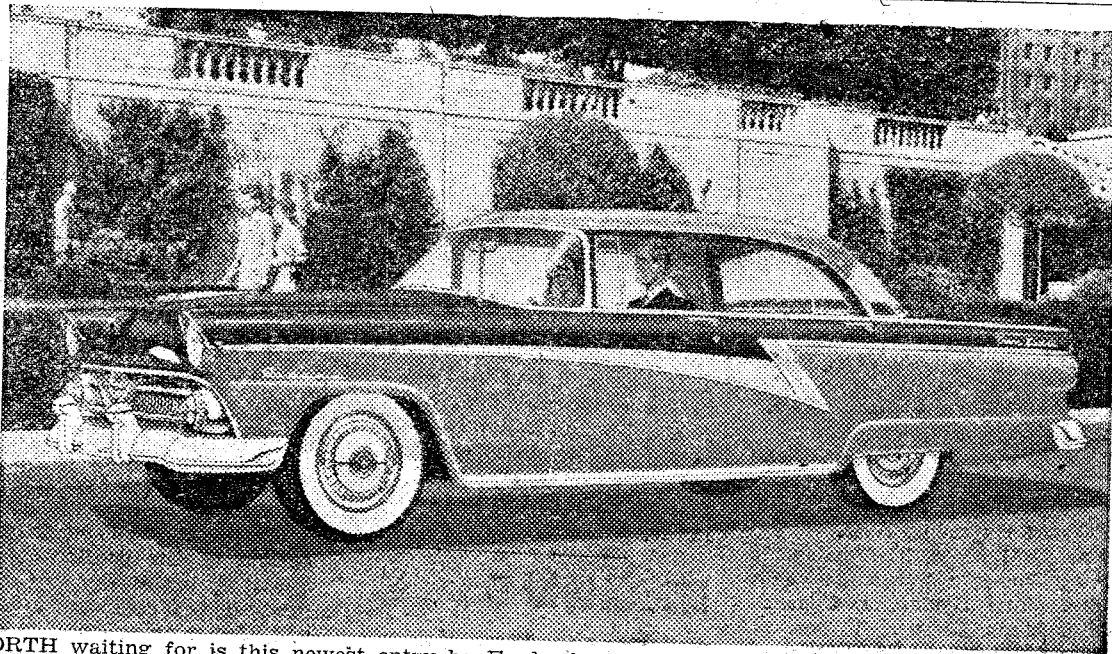

Congratulations go to Mr. and Mrs. Alvey Gauthier on the arrival of a baby boy. The Vogstad twins, Edmond and Edward were recent visitors at the home of Mr. and Mrs. James Campbell.

Mr. and Mrs. Johnny Charbonneau were guests at the wedding of their daughter Dorothy on Nov. 3 when Dorothy was married to Ovide Plamondon. John-Marie Laflamme accompanied them.

Rev. Father St. Arnaud and Lawrence Ulliac have been busy moving chinchillas around. Florence Gervais and Emile Ulliac are to be married soon.

Mrs. Roland Porodo was a recent visitor at the home of Mrs. Eugene Routhier.

Smith of Cowley Bros., Edmonton. This is only in the experimental stage, but considering that Lac la Biche is even outside of the fringe area, Edmonton being over 100 miles away, the results so far have been quite fair, and some good programs have been received. When the station goes on full power, reception should be much better.

WORTH waiting for is this newest entry by Ford of Canada into the high-styled car field. It is the Fairlane Crown Victoria with a tiara-like chrome strip arched over the top of the car. It offers a choice of two powerful V-8 engines with 162 and 182 horsepower. Dual exhausts are standard on this new model. The Crown Victoria

has a wrap-around windshield and is under five feet in height. It also is available with a transparent roof over the driver's compartment. Production of the new cars is being held up, pending settlement of a strike at Ford's Windsor and Oakville, Ontario, plants.

Mrs. Primeau Laid To Rest

Mrs. J. E. Primeau passed away at her home on Nov. 2.

The funeral was held Nov. 5 at the Breynat Mission cemetery. A large crowd was present to pay their last respects. Her son, Father Primeau sang the mass.

Mrs. Primeau has been a resident of Breynat for over 20 years and was liked and respected by everyone.

She leaves to mourn, her husband, J. E. Primeau; two sons, Father Primeau and Lawrence; four daughters, Margaret, Therese, Fern and Madeline; one sister, Louise Lanille, who has resided with her sister and brother-in-law for over 40 years.

Lac la Biche

J. Mitchell went to the city on business recently.

Gilbert Mitchell is employed in the city.

Duffy Johnston went on a trip to the city recently.

Mr. and Mrs. J. B. McCarthey motored up for the holiday, and visited the latter's parents, Mr. and Mrs. S. E. Settles.

A shower was held at the home of Mrs. Switzer for Miss Doreen Proctor recently.

A party was held for Miss Doreen Proctor and Steve Zacharuk at Redwater on Saturday.

Stanley Tkachuk is driving the school bus from Brierville to Lac la Biche.

Gérard Varze visited here for the weekend.

Mr. and Mrs. E. Shanks and Margo were up for the Armistice Day holiday.

Constable Mife Hyrb has returned here.

Bill and Hazel Clark of Calgary are visiting Mr. and Mrs. Zac Ingram.

F. Zevola of Edmonton was a recent guest at the home of Mr. and Mrs. V. Zevola.

Ernest Gingras is a patient in the Lac la Biche hospital.

Jim Rowland spent a few days in Lac la Biche with relatives.

Mr. and Mrs. R. Giacobbo and Mrs. C. Giacobbo recently went to Edmonton for a week.

F. Fornare installed an electric plant in his home.

Mrs. W. Derkach and daughter

Farmers' Feed, Fodder Position Relieved Because Of Good October Weather

Roy C. Marler, president of the Alberta Federation of Agriculture, reports that the last month of favourable weather has given farmers an excellent opportunity to garner their crop, and that farmers have taken full use of this fine weather by completing the harvest.

Mr. Marler says that the meeting on October 29th of the AFA officials and the Provincial Cabinet reviewed the provincial survey made by district agriculturists. The survey indicated that the central and western areas are the districts hardest hit by frost and that assistance through credit loans for the purchase of seed, feed, and possibly living costs in some instances will be required.

It is estimated that there are stored on farms 55 million bushels of wheat; 35 million bushels oats; and 39 million bushels barley—all of previous years' crops. Stocks in country elevators amount to 59, 9, and 21 million bushels respectively. This amount of grain carried over, coupled with this harvest, yet unknown in amount, but much lower in quality, does assure that there is plenty of cereal grain within the province. The problem then, is reduced to only making it available to the farmers in the areas where required. This is also true with respect to fodder feeds now stacked.

The AFA is assured by the pro-

Greek Church
Holds Carnival

NEWBROOK. — The carnival sponsored by the Greek Orthodox Church was held Monday. Lunch was served at noon. Bingo was played in the afternoon, and a dance and the crowning of the queen was held in the evening. The successful candidate was Miss Victoria Kaban; her princesses were Misses Mary Masuk and Elsie Korbuniak.

The proceeds of the carnival are to be used for the erection of a Greek Orthodox Church in Newbrook.

Newbrook

A surprise baby shower was held at the home of Mrs. A. Burger for her baby son, Bradley. A number of ladies of the community presented the baby with many beautiful gifts, and also served a delicious lunch.

A baptismal service was held in the Community hall when the infant son of Mr. and Mrs. Andrew Marko was baptized by the Rev. Father Wasylis at the Greek Orthodox Church.

Three 4-H Clubs held a joint Achievement Day in Newbrook. They were Abbe and McKinley Clubs as visitors, with Newbrook Club acting as hostess. The local girls received praise from the district economist, Miss Mewha for the appearance of the nicely decorated hall and arrangement tables.

Alberta Wheat Pool has presented Sally Krawchynski with an award of a leather dinette lunch-kit for having the best garden. Nataka Semetluk in the efficiency winner for the project, and will attend club week at Vermilion, next July.

The 4-H Food Club has reorganized for the winter project of cooking, with Zita Buerger as president, Elsie Korbuniak vice-president, Kathleen Semetluk as secretary-treasurer. Their adult leader is Mrs. Blanche Nuttycombe, teacher of home economics in the Newbrook High School.

Install Furnace

The main topic of discussion at the regular monthly meeting of the board of directors of the Colinton Community Club was the purchase and installation of a stoker furnace. This stoker was purchased from S. McCaughy of Clover Bar and is to be installed in the basement of the hall in the very near future. Plans were made for clearing the basement out and for the construction of a cement base to put the furnace on.

A vacancy on the board resulted from Wilf Derosia leaving the district, and Mrs. Olga Bretzlaff consented to serve in this capacity until the annual meeting.

The date of the annual dance, funds from which provide Christmas treats for the school children, was set for Friday, December 3. This is to be a combined box social in an effort to raise additional funds. Parents will have a choice of bringing boxes for sale or lunch as for a regular dance. George Sauer's orchestra is to provide the music.

HSA Hold Dance
To Raise Funds
Hot Lunch Program

At the regular monthly meeting of the Colinton Home and School Association, it was decided to serve hot soup to the children during the winter months. This decision was arrived at as a result of a survey of the parents and children concerned as to what was preferred.

A committee consisting of Mesdames D. Gyte, Hayward, Wray, Betzlaff and Weytenko was elected to promote a dance for the purpose of raising funds for the hot lunch program.

Guest speakers for the evening were Mr. MacNeill, the Agriculture teacher, and Mr. Stewart, fieldman for the Alberta Wheat Pool, were introduced by President Laskosky.

Mr. Stewart addressed the group at length on the purposes, advantages and achievements of 4-H clubs in Alberta. A short film was shown on 4-H clubs, followed by a short comedy film. The December meeting of the HSA will be on Monday, Dec. 6 with a discussion of the school courses to take place. Mrs. Cromwell's room and Mr. Laskosky's room tied for the banner.

Ellscoff

Cash Creek Association held a meeting to make arrangements to buy the school-house. Anyone wishing to donate can do so by getting in touch with Bert Weigl, Carl Keil, Mrs. Joe Lovely or any of the directors, Harry Keep, Geo. Saxton and John Zallas.

The new Canadian family, Mr. and Mrs. Clemm and four sons, is welcomed to our district.

Mr. and Mrs. C. Niel had Mr. and Mrs. Oslund from Urban, B.C. as their guests for a few days.

A public meeting of Cash Creek Association will be held in Cash Creek school, Nov. 20, at 8 p.m. Everyone is invited.

Atmore

On Nov. 10, a surprise birthday party was held for Father St. Arnaud. A fairly large crowd was present to greet him on his return from Edmonton. Rev. Father McGrane of Lac la Biche was a welcome guest.

Mr. and Mrs. Keith Fischer are the proud parents of a baby girl, born on Nov. 12 at St. Catherine's hospital.

Born to Mr. and Mrs. Ernest Boudreau, a baby girl on Nov. 12. Oliver Kanzig was a business visitor to Edmonton recently.

Week-end visitors were Nick Kostuk and Roland Paulin.

Mrs. L. Genoud was hospitalized for a few days.

David Dakin has returned from St. Joseph's hospital in Edmonton.

Students Receive
Scholarships

COLINTON — At a recent Home and School gathering scholarship awards were presented to Grade IX student, Ronald Knutson and Grade XI student, Barbara Benson, by School Superintendent Gault.

Mr. Gault went on to give an outline of the credit system required for university entrance. He stressed the compulsory subjects and also gave a detailed outline of many of the optional subjects.

Ronald is a first-time winner of this award, but Barbara has received it twice before. Congratulations to both.

Amber Valley

The reorganization of the Home and School Association meeting was held at the school on Friday, Nov. 5. New officers were elected as follows: President, Mrs. Ralph Sneed; vice-president, Mrs. C. R. Brown; secretary, Mrs. Kenneth Edwards; assistant secretary, Mrs. Junior Whittaker; social convener, W. G. Cromwell; lunch committee, Mrs. L. R. Bowen and Mrs. C. R. Brown. A fair crowd attended and lunch was sold.

Recent visitors to the community are Alonzo Edwards from Edmonton, J. B. Brown and Kenneth Edwards are working in Athabasca on the building of the new school. Visitors here are Mrs. Olive Whitley from Winnipeg, Mrs. Luella Coleman and Everett Medlock from Calgary, Fred Brown from Edmonton, and Jeff Bowen from Calgary.

MEXICAN SAIL FISH
HANGS IN "SUN" OFFICE

Resplendent in a variety of bright colours, is a large Sail-Fish hanging now on the wall of the front office of the Edmonton Sun at 10815 - 82 Avenue.

Perfectly mounted by an expert taxidermist, the fish is 7' long and about 4' tall to the tip of the big "sail" on the top of its back. The underpart of the fish is a light grey, and above that it is a dark blue. The sail itself is a dark deep blue, shading to black. The tail and fins are a blue black.

This sail fish was caught last spring by a friend of the Edmonton Sun southwest of the Coast of

LAYING STEEL RIBBONS—An experiment leading to more comfortable rides and reduced track maintenance costs is underway on the Canadian National Railways. It is in "ribbon rail" which does away with the "clickety-click" of wheels on rail joints and reduce track maintenance costs up to 14 per cent. Strips of 39-foot rail are welded into fifth-of-a-mile lengths. Lower left shows newly welded rail joints being tested.

Alberta First To Use Radar To Curb Speeding

First province in Canada to take this step, Alberta now has radar sets in operation to check motor car speeding. They are being used by the RCMP.

The official announcement said the radar sets will be placed on highways where the sets are located. The sets are located.

The sets can be mounted on a tripod at the side of the road or on moving police cruisers. When on the latter, they can be lined up on cars either approaching or those moving away from the police car.

The radar sets, weighing about 37 pounds, transmit and receive high frequency radio waves measures at 2,000 megacycles.

The radar sets can be mounted on the back of a police cruiser with the dial mounted on the dashboard.

When a speeder is noted, the cruiser can radio to another police car to stop the motorist.

One constable can operate the set by mounting the radar unit at the side of the highway, then going down the highway to another location with the dial. The radar

will clock the speeder and the police officer will be in a position to flag down the car.

If two or more cars are passing at the same time, the radar will pick out the fastest one to clock.

The radar sets also can be used automatically to keep a check on highway traffics. The sets will record the speed of each car on the highway.

The radio checks will be operated in conjunction with the police "ghost" or unmarked cars which were put in operation earlier this year to check speeding and dangerous driving.

Plenty Of Scope For Police Action Here

EDMONTON (BUP) — Edmonton police pressed their campaign against liquor law violators at the Saturday night football game.

Fourteen persons were charged, including 10 accused of illegal possession.

REDUCED GRAIN SHIPMENTS RESULT IN LOWERED RAILWAY REVENUES

EDMONTON (BUP) — The president of the Canadian Pacific Railway says the company revenues are down 11 per cent this year due to the bad grain situation.

Another Gun That "Wasn't Loaded"

EDMONTON (BUP) — Edmonton police say the shooting of a 26-year-old soldier on Saturday afternoon was accidental.

Private Arthur Nadeau of the Army Service Corps died about 30 minutes after he was taken to hospital with a bullet wound in his head. The shooting occurred in his suite.

The only witness was Corporal Donald Nelson, a close friend of the victim, who said he was the owner of the gun. He told police Nadeau pointed the loaded .38 calibre revolver at his own head and pulled the trigger, not expecting it to fire.

The two were trying a nine millimeter cartridge in the weapon, which Nelson had bought earlier in the day from another soldier.

TO INCREASE NEXT YEAR EXPECT ADVERTISING VOLUME

TORONTO.—This year will see adopted by the Association this a new high mark recorded in national advertising expenditures, and Canadian advertising volume will advance to another record in 1955, the president of the Canadian Association of Advertising Agencies, C. G. Hammond, predicted here today.

Speaking at the 31st yearly meeting of the agency organization, Mr. Hammond stated that "advertising volume, a sensitive index of general business activity, will follow a national upswing based on the present unparalleled development of natural resources."

Canada's top advertising men, representing 47 member agencies which spend better than 90 cents of every national advertising dollar, unanimously endorsed the "Standards of Practice" code

Aimed chiefly at stamping out untruthful claims in advertising, the code "has already gone a long way toward nailing the buckster into his coffin in Canada," Mr. Hammond said.

In a long-term move to strengthen the code, the advertising chiefs drew plans for a stepped-up program of information about advertising as a profession, to be carried into high-school classrooms across Canada as a means of drawing the best minds available into the advertising field.

The agency body's widening sphere of activity was underlined by the announcement at the meeting that it has joined the International Chamber of Commerce, ranking world organization in sales and advertising.

About 90 delegates cast ballots in the election of a new slate of lives of the organization are headed by Mr. Hammond, who was endorsed for a second term.

Fined For Dirty License Plates

EDMONTON (BUP).—Edmonton police are cracking down on motorists who fail to keep their license plates clean.

Eighteen motorists were fined five dollars and costs in two days for having muddy or obscured plates.

Not Enough Bugs

EDMONTON (BUP) — Albertans don't like bugs as much as they say they do.

A University of Alberta bug expert, Professor Brian Hocking says numerous insect collections have been received from southern Alberta. But with the deadline for entries in a collection competition set for Nov. 1, the Entomological Society has received no entries in Edmonton.

The lack of bugs from the north has occurred despite the fact that several persons showed interest when the contest was announced last spring.

SOUTH EDMONTON MAN NOW ON "SUN" STAFF; BROUGHT BACK A BRIDE FROM CHILE

EDMONTON.—One of the most recent additions to the staff of the Edmonton Sun is Kenneth MacCrimmon who, with Mrs. MacCrimmon, has taken up residence at 8416 109th Street.

"Ken," as he is popularly known, made an interesting tour of South American countries last winter. The capitol city of Chile—Santiago—was one of the centres of his itinerary and there he met Miss Sylvia Benson and after a stay of three months in the Chilean city talked her into becoming Mrs. MacCrimmon. After the wedding they had one of the longest honeymoon trips on record—9,000 miles by air to Edmonton.

Mr. MacCrimmon set out for South America in November, 1953, equipped with an EDMONTON SUN press card and a note book. He kept readers of the SUN up-to-date on his travels with personally written air-mail reports from New York, Havana, Panama, Columbia, Ecuador, Peru, Bolivia, and Chile. He also spent time in Argentina and Brazil where he visited his uncle, Major Kenneth MacCrimmon at Rio de Janeiro. He returned to Santiago, Chile before coming home.

According to Ken, he met his Waterloo as a bachelor in Santiago due to the solicitation of a member of the Chilean Air Lines, who introduced him to the smiling Spanish Senorita, Miss Benson (who got her un-Spanish name from the fact that her grandfather came from Sweden) speaks English, Spanish, Italian and French fluently. She was employed by the United Nations headquarters in

Chile. She readily accepted the proposal that she marry a Canadian and come to Edmonton to take up housekeeping.

Ken received his high school education on the South Side but spent most of his life on a farm in the Fort Saskatchewan district. His parents, Mr. and Mrs. R. M. MacCrimmon live at 10520 - 75th Avenue in South Edmonton. Speaking of his bride's native land, Ken referred to it as a "yard wide and 2,000 miles long." Actually it is over 3,000 miles long and has an average width of 100 miles and has Santiago, its capitol, situated in the centre. Its climate is well modulated by the Pacific Ocean. Mrs. MacCrimmon's comment on arriving in Edmonton was, "Chile was never as Chilly as this."

Canada in 1953 suffered the loss of 1,300,000 man-days of work through strikes. Equivalent to a big factory paying 5,000 workers and turning out goods for consumers all year long.

Airmen Die In Plane Crashes

EDMONTON (BUP) — Two Royal Canadian Air Force officers were killed last week when their planes crashed in Alberta.

Flying Officer G. L. Marshall of Edmonton was killed when his T-33 jet trainer went down near the Namao Air Base north of Edmonton. Flying Officer J. B. Scott died when his Mustang fighter plane crashed near Calgary.

Marshall was on a test flight, while the Calgary reserve officer was on a routine training flight.

Solution K-2

Grassland

Steve Chodan of Grassland, last week, was visited by his two brothers from Manning.

Congratulations to Mr. and Mrs. Bill Ryback on the birth of a baby boy, Denis David, Nov. 1.

Mrs. Semeniuk is back home with her Halloween baby boy, Rodell Cedric.

A number of Grasslanders attended the showing of "Gone With the Wind" at Lac la Biche, taking advantage of the holiday on Nov. 11. Mr. and Mrs. Aabak, Gordon Lewis and Mrs. J. Semenchuk took in the show.

Mrs. Lillian McKenzie journeyed to Edmonton on Thursday, where she expected to meet her son Keith who is attending the University.

Mr. and Mrs. John Prockiw and Mr. and Mrs. Steve Starchuk of Warspite were week-end visitors at the home of Mr. and Mrs. Anton Hrynyk.

Mrs. Nick Hrynyk of Plamondon was a recent visitor to her sister at Grassland.

At a trial in Edmonton Monday, Nick Nypluk was sentenced to two years in Prince Albert penitentiary on a charge of theft, sentence to run concurrently with one of three years which he received at Athabasca, Friday, on a similar charge.

Mr. and Mrs. John Kondnchuk and daughter were recent visitors to Edmonton.

Mrs. Lloyd Bennett is now teaching at Grassland school, being in charge of the grade 5 room.

Spruce Valley

Sympathy goes to Mr. and Mrs. Fred Ryl on the sudden death of their 10-month baby daughter Milka. Funeral took place on Tuesday, Nov. 9. Interment was made in the cemetery at Prosperity.

Miss Elsie A. Koltowski, who is teaching at Frains, spent the week-end with her parents.

Miss Leona Sawchuk spent the week-end here, also.

Congratulations go to Mr. and Mrs. Steve Mahaden, proud parents of a baby boy; and to Mr. and Mrs. Stanley Kanarek on the birth of a baby girl. This is the fourth daughter born to Mr. and Mrs. Stanley Kanarek.

An interesting Ukrainian show was held in the Spruce Valley hall on Sunday, Nov. 7. A large crowd spent an enjoyable evening here.

Mr. and Mrs. Alex Dowhanuk from Plamondon Bay, Mr. and Mrs. George Adashynski from Blue Jay, and Mr. and Mrs. Pete Tomusich from Plamondon were guests at the home of Mr. and Mrs. Peter Koltowski on Sunday, Nov. 7.

Miss Helet Sawchyn was at Edmonton during the week-end.

Miss Olga Strumelak, who at

present is at Edmonton, spent Sunday with her parents here.

Miss Elsie Koltowski who spent Remembrance Day with her parents, spent the week-end in Edmonton.

Mr. Tokash and daughter of McRae visited at the home of Mr. and Mrs. Pete Wolak and Mr. and Mrs. Mike Zuber.

Mr. and Mrs. Peter Homenuik and daughter Connie were guests at the home of his parents, Mr. and Mrs. Bill Homenuik at Waugh.

Frains

Miss Vicki Kolach and Eddy Shwetz enjoyed a weekend at home.

Mr. and Mrs. Dan Kolach attended the wedding of a relative at St. Michael.

Mr. and Mrs. Qrest Chromiak and baby from the city enjoyed visiting with the home folks, Mr. and Mrs. Greschuk.

Mrs. and Mrs. Anton Proskiw and family, Mrs. Melnechuk, also Mrs. Shusarenko, all from Beauvalon, had a short family reunion with the Nahorney's family.

Dr. J. A. Melnechuk and family from St. Paul were week-end visitors with the Nahorney's family.

Mr. and Mrs. Hruschak from Smoky Lake spent Sunday visiting with their daughter and family, Mrs. Tony Sawchuk.

Mr. and Mrs. Sheremeta from Donatville enjoyed Sunday with Mr. and Mrs. Chopoidal.

George Cherniwan has gone to work for the winter months with an oil company.

Remembrance day was a holiday enjoyed by the school children.

Mrs. Emily Cherniwan and Miss Elsie Koltowski are in the city for a long week-end.

Most of the people attended the wedding at Boyle of Mr. and Mrs. Semeniuk.

Caslan

Mr. and Mrs. S. Duchynch and Mr. and Mrs. S. Cislo motored to Athabasca last week-end. While there they attended a birthday party, also a wedding.

Bill Gordey was a visitor in Lac la Biche one day recently.

Folks enjoyed the show "Man With a Million", starring Gregory Peck which was shown last Monday evening.

Mr. and Mrs. Wm. Sachko of Hylo visited the latter's sister, Mrs. Wm. Wolansky last Sunday.

The doctor from the Health Unit at Athabasca gave a lecture one evening at the Caslan school, on preventing diseases.

Alex Holosh was in the district visiting friends.

Thomas Lett Passes Away

Thomas Lett, a prominent citizen of Lac La Biche and formerly of Drumheller, passed away Nov. 4, in an Edmonton hospital, at the age of 72 years. He is survived by his loving wife, Mary Ann, three sons, Howard and Don of Lac La Biche and Glen of Wembley, also two brothers and four sisters.

Funeral services were held Monday, Nov. 8, at 1:30 p.m., at the Park Memorial. Rev. MacDonald officiated, and interment took place in the Westlock Memorial Park.

Judge Pans "Ridiculous" Court Claims

CALGARY (BUP) — Justice Boyd McBride of the Alberta Supreme Court has criticized lawyers and plaintiffs who come to court seeking what he describes as "exorbitant and ridiculous sums."

The jurist said that actions in which lawyers issue statements of claim calling for damages far above the real loss have the effect of forcing defendants into court.

He said that damages asked in a case heard yesterday were "completely out of sight and bear no true relationship to the injuries."

The case which led to the remarks was one in which Dennis Smith asked \$884 dollars damages from Watler Shumaker and his

wife, Rosie Smith, asked \$10,024 as a result of an accident last year.

The action was not defended by Shumaker and it was necessary for the superintendent of insurance to defend as an appeal was being made against the unsatisfied judgment fund.

The judge awarded Smith a total of \$375 and his wife \$525. He said he was being generous in giving her general damages of \$500.

News From Other Alberta Towns

INSTALLATION OF GAS AT MANNVILLE REALIZES GREAT AMBITION

Mannville residents have realized this week one of their greatest ambitions—gas for the Village of Mannville. As Mr. Hay mayor of the village, pointed out on Wednesday evening as he introduced Mr. Wright of the North Western Utilities, the Board of Trade and the Council have been working for years for the installation of gas here. Several years ago a well just east of town proved valueless which was a great disappointment to all, not only from the money invested in it by the townspeople, but hopes were so high at that time that gas would, soon be a reality. However, at approximately 9:45 p.m. on Wednesday, November 3, gas did become a reality when Mr. Hall opened the valve to signify the "Gas Turn On At Mannville".

About 15 officials of the North Western Utilities were present at the general meeting held in the Legion Hall on Wednesday evening. They brought greetings and a welcome from the company and gave instructions on the use of gas as well as information concerning the billing and where and how to make payments on accounts.

Mr. Stewart gave a short history of the Company's operations from its beginning in 1923 to the present time. Gas is a fuel of "a million uses"—not only for household use but for industry as well. Mr. Prausa then spoke on how the bills were calculated—on a rate accepted by the town and the Commission, and that arrangements had been made with the Canadian Bank of Commerce for the payment of accounts there.

Mr. Dale advised that gas piping must be installed according to certain standards and gas used with common sense and care. Gas should burn with a blue fire and if appliances are adjusted properly gas is absolutely clean. Mr. Throup will be staying in town for a few months and will be on hand to make any adjustments necessary. Mr. Dale also mentioned that furnaces and ranges could be converted but that the consumption would be higher, although where it is not possible to have a furnace, the range will also provide heat. He spoke on the various types of heating equipment as well as refrigerators, water heaters, etc. Gas has been odorized as a warning agent for safety.

Services rendered to home owners by the company were dealt with by Brigadier James Jefferson. A cooking demonstration early in December will be given by Miss Fazackerley. She will give recipes, advice on the utilization of gas in the kitchen, laundry, etc. A demonstration of appliances will also be given.

Fred Pardee gave a resume of the series of events which must be gone through before a meter is installed. The service line to the house and the house line must both be completed before a meter can be connected. Gas fitting should be done by a licensed fitter. Then application for a meter is made at the Bank of Commerce—for up to a five room house it is \$5.00 and over that \$10.00. This is for domestic dwellings only. The commercial rate is higher.

Mr. Thorpe will be at the hotel and can be contacted there at Phone No. 9 in the evening and through the day he will keep in touch with the town office. On week-ends for any trouble that may arise the Midland Hardware will contact J. Kirk, who will be stationed in Vermilion.

A short question period after the meeting allowed those with questions to have them cleared up.

The types of chimney and linings were dealt with among other things. For those still in doubt, Mr. Throup or Mr. Kirk will be here to advise them on any difficulties that may occur.

After the flare was turned on and burning, the officials of the Gas Company, the Town Council and a number of the Business men returned to the Legion Hall for refreshments and a social get together.

Kiwi Club Organized

MORRIN—A group of boys six and eight years of age has been organized in Morrin under the direction of the United Sunday School.

On Tuesday at 7 p.m. the six boys who attended the first meeting, were welcomed by their leader, Ron McBeath. After several games and a relay race they decided on how best to spend their hour together each week.

Games, craft, and a small scripture talk were decided on and after much debating for a suitable club name, the boys chose to be known as the Kiwi Club.

An all-in, game of lodge ball closed the evening, and everyone went home looking forward to next week's meeting.

Suicide, Murder At Mundare

A Mundare man wounded his wife and step-daughter today before killing himself. He also seriously wounded his mother-in-law and father-in-law.

Nicholas Lysakowski shot his wife Mary, her teen-age daughter Susan by a previous marriage and his wife's parents, Mr. and Mrs. Babiy, shortly after 8:00 a.m.

At the time of going to prison Mrs. Lysakowski was in serious condition in an Edmonton hospital.

Mrs. Howley Wins At Whist

HAMILTON-Forest Hills — The first party of the season was held at the Hamilton Community centre on Friday evening. The first part of the evening was spent playing whist. Prize winners were, ladies first, Mrs. P. Howley; consolation, Mrs. H. Seymour. Gents first, D. Smith; consolation, Bob McLaughlin.

Mr. and Mrs. Len Donaldson and family of Redwater and Mr. and Mrs. Fred Summers of Cherry Grove were present.

The next party will be held November 19 with Mr. and Mrs. Fred Prill, and Mr. and Mrs. C. Finlay in charge.

Local Help To Staff New Plant

WILLINGDON.—This new and modern plant of the Edmonton Produce Co. in Willingdon will be managed and supervised by H. Sisson, who has over 20 years experience in the handling of all lines of poultry products. He has a full knowledge of modern plant operation as well as marketing of the produce.

Mr. Sisson will be ably assisted by Peter Paulencu and Eli Gordichuk, two local men. These men

Fire Destroys Farm Home

PARKSIDE.—Sunday October 31, fire of unknown origin destroyed the farm home of the Walter Reason family. Fire was noticed by neighbors about 1:30 p.m., only shortly after the family had left for church.

Upon their arrival, the house was all aflame and neighbors were called to prevent fire from reaching the dry stubble-fields. By pouring water on the floor, fire was checked which enabled neighbors to cut their way down cellar and most of the vegetables and summer canning were saved. Other than this, everything was a complete loss.

Radio Won By Albert Odden At Bingo

The bingo sponsored by the Hughenden and District Hall Association to raise funds for the new hardwood floor was successful.

The committee in charge expresses appreciation to all who patronized it, special mention to Amisk for calling off their show that evening.

Winners were as follows: Sandwich toaster and waffle iron, G. Johnasson, Edmonton; 1 gal. anti-freeze and set of 3 bowls, Mrs. B. Swelen; grocery hamper, Art Woyen, Amisk; tablecloth, Mrs. E. Melcher, Hughenden; ham, Donald Baumgartner, Amisk; 2 gal. Bapton paint, Ben Chapman, Amisk; 1 pair blankets, J. Reed, Amisk; electric clock, Mrs. Stan Hovde, Hughenden; trouble light, Mrs. Reuben Stromquist, Hughenden; mantle radio, Leonard DeBord, Amisk; electric iron, Melvin Johnson, Hughenden; 2 gal. anti-freeze, Pat Chew, Amisk; electric tea kettle, Adrian Reed, Amisk; set of dishes, Margie Kristianson, Hughenden; 17-jewel wrist watch, Pat Chew, Amisk; chenille bedspread, Mr. Wes Adams; electric iron, Orville Broemberg, Cadogan; electric lamp, Mrs. Paul Lefebvre Jr., Hughenden; pop-up toaster, Mrs. Gus Klassen, Hughenden.

The special feature combination console radio went to Albert Odden, Hughenden.

The floor in the hall will be put down as soon as possible.

Mr., Mrs. Skoreyko Honored At Silver Wedding

AMISK—On the afternoon of Oct. 31, Mr. and Mrs. W. Skoreyko were pleasantly surprised when a large number of friends gathered at their home to wish them a happy anniversary on the occasion of their 25th wedding anniversary.

After a social hour, lunch was served by the ladies' after which O. W. Peddicord on behalf of those present presented the guests of honor with a purse of money, as a remembrance of the happy event.

Both Mr. and Mrs. Skoreyko thanked their friends for their kindness in making their anniversary such a memorable day.

have had several years of poultry-buying experience and are well known throughout the district.

The balance of the staff necessary to operate this plant efficiently will be made up entirely of local people numbering approximately 20 in all.

EQUIPMENT SPECIALLY BUILT FOR WILLINGDON POULTRY PLANT

The entire process of the new Willingdon Poultry processing plant of the Edmonton Produce Co. Ltd. is based on the same theory of operations as is used in the main plant in Edmonton. The equipment now installed to handle the processing of poultry has been specifically designed to fit the needs of the Willingdon branch.

The new portion of the plant is fully modern in every detail from the point of view of a smaller type plant. The building has been constructed with cement blocks and covers an area 62x30 ft. The entire space of the new addition is being devoted to the processing of poultry. On its completion the plant will cover the entire lot measuring 105x30 feet and will be equipped with new and modern egg grading facilities.

Arriving at the plant the poultry will be humanely killed with electric knives and then scalded in a thermostatically controlled tank which assures proper temperatures. They are then passed over a modern high speed ruffer used to remove feathers without damaging or barking the bird. After having been plucked on an assembly line basis they are placed on racks in a chilling room where the temperature is controlled by a 5-h.p. Freon cooling unit. These birds remain in the chill room until thoroughly cooled to an internal temperature of not more than 38-40 degrees. These temperatures are obtained by large blower coils which are supplied with cooling fluid from the larger machine. After proper cooling has been achieved birds are then moved to the grading and sorting room where the same low temperature is maintained.

In the process of grading a new and completely reliable dial scale has been installed for the purpose of guaranteeing accurate weighing. Grading will be conducted by fully qualified and well experienced operators. Shipments are then made up for all parts of Canada.

Mrs. Sandberg Receives Gift

MICHICHI—The regular meeting of the Brownies was held on Tuesday evening as usual. It was Brown Owl, Mrs. F. Sandberg's birthday, and as a surprise, the Brownies presented her with a little remembrance gift, a plastic bread box, in appreciation of her kindness during the year.

250 Seed Growers Approve Resolution To Build Cleaning Plant

By J. A. CHOQUETTE

FALHER.—Under the chairmanship of Louis Besse, approximately 250 members of District 7 of the Alberta Seed Growers attended the annual meeting in the Gaiete Theatre here. Dick Swaren was secretary of the meeting.

A resolution was carried unanimously to erect a seed cleaning plant early next spring at an approximate cost of \$50,000.00, at Falher.

A. M. Smith, general manager, gave a very encouraging report of the ever-increasing membership with results of very satisfactory operations of the Co-Op.

J. Hughes, secretary, director, stressed the importance of producing high quality seed to retain

The birds are insulated and protected by being wrapped in heavy white wax paper and are then packed in new boxes. They must be graded and packed in accordance with government inspection before they can be shipped to various Canadian markets by large transport trucks and freight cars.

The majority of turkeys boxed for Christmas consumption are shipped to Eastern Canada in fresh form which necessitates constant temperature control until they arrive at their destination two to three thousand miles away.

Open House At Produce Plant

WILLINGDON.—Free coffee, lunches and turkey sandwiches will be part of the fare offered by Edmonton Produce Co. at their plant in Willingdon on November 15. "Open house" will be held for people of the district and turkey producers are particularly invited to come in and inspect the new plant which will handle future deliveries of turkeys at low cost direct from the producer to the markets of the world. A full account of the plant is carried in this week's "Review."

Free Farmers Of Grain Debt

EDMONTON.—The Alberta government plans to cancel \$47,000 in seed grain debts owed for six years by 245 lessees on the Lassiter settlement project in the Peace River and will give the farmers the chance to purchase the land they have under lease.

V. A. Wood, lands director for the provincial lands and forests department, says in letters to the lessees that "arrangements are being made to cancel all outstanding indebtedness" for seed grain debts incurred under the project in 1948 and 1949.

A. O. Fimrite, Social Credit member of the Alberta Legislature for Spirit River in which the project is located, said the seed grain advances totalled \$51,000, of which \$4,000 has been recovered.

Mr. Wood said in the letters that lessees will be given the option of purchasing their units after the end of this year. The purchase price has been set at \$25 a cultivated acre plus the amount the department has paid as taxes on behalf of the lessee.

Canadian highways measured 512,795 miles at the end of 1952.

O. G. Bratvold, Superintendent of the Cereal Department, urged growers not to be hasty in disposing of their good quality oats and barley, as fair prices can be expected along with total disposal of such good quality products.

J. R. Desfosses, who has represented Zone 7 as Director on the Central Board for the past 12 years, was re-elected by acclamation for a further three-year term. The meeting lasted from 2 p.m. to 5:30 p.m., and everyone present was pleased with the General Manager's report and the manner in which questions of general importance pertaining to the report were answered.

Trustee Against Right Of Teachers To Strike

EDMONTON — The right of teachers to strike was criticized at the Alberta School Trustees' Association annual convention.

"It is very deplorable that teachers can stop our education system by going on strike," said Ben Plumer, a representative of Newell county, in Southern Alberta, where teachers won higher salaries last summer by going on strike.

Mr. Plumer spoke before the 200 delegates approved a resolution asking that the bargaining rights of the Alberta Teachers' Association be taken out of the Alberta Labor Act and be put in the School Act.

Delegates defeated a motion asking that the government deprive the ATA of closed-shop restrictions and that it eliminate the compulsory checkoff of ATA dues.

Both motions were sponsored by Newell county representatives.

The original Newell motion urged that teachers be deprived of their bargaining rights but the resolution as passed included an amendment from Mrs. Kate Andrews of Lethbridge that the bargaining rights be included in the School Act.

Mr. Plumer said "part of a teacher's duty should be to maintain continuous service" and he contended that when a school board bargains with teachers it is "more of a haggle—a very childish operation."

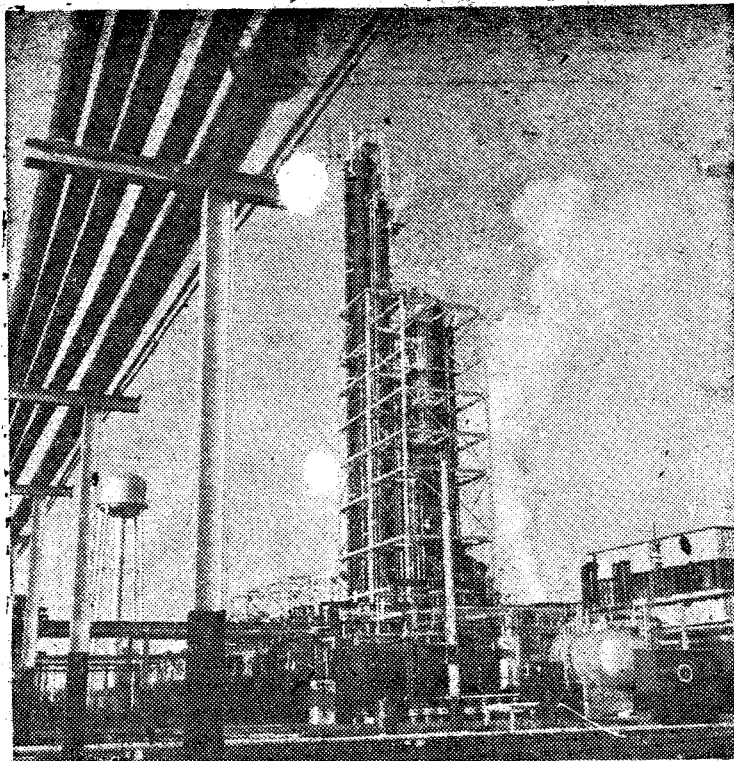

Lou Goodwin of Calgary said he was opposed to the transfer motion because it would not bring trustees any closer to a solution to the problem and would not eliminate "haggling and bickering" from wage disputes between teachers and school boards.

Foster Gow of Foremost said he is opposed to "anything that says you can't strike" and Steve Penny of Coleman said "a man has a right to give his labor or with hold it."

Rudolph Hennig, chairman of the Clover Bar school division at Fort Saskatchewan, has been elected to his eighth term as president of the Alberta School Trustees' Association. J. M. Griffiths of the Foremost school division was named to his third term as vice-president. The trustees convention ended at Edmonton Thursday.

LICENSE FOUND

During the recent renovation of the Texaco Service Station at the corner of 109th St. and Whyte Ave., workmen came across several relics that would suggest that the corner had once been the site of a livery barn. Among the curios was a licence place marked, "One Horse Vehicle Licence," "City of Edmonton," "1928". Old-timers of the district can't recall any stables that were located in this area.

Towering 142 feet above the surrounding flat lands, the ethylene fractionating column at the C-I-L polythene plant in South Edmonton district is where the ethylene gas undergoes final purification before going forward for polythene manufacture.

Wants Change In Liquor Laws

CALGARY (BUP) — A Liberal member of the Alberta legislature says the province should have a liquor investigation similar to that held in Manitoba.

The Calgary member, Hugh John Macdonald, said in a radio broadcast that Alberta has a set of liquor laws that are little respected by the people.

Said Macdonald: "The liquor laws are such that practically speaking they just do not offer any solution for the proper control of the liquor traffic."

He said a sincere effort was being made in Manitoba to study the problem and find solutions. But no such effort has been made in Alberta. He said this is the responsibility of individual members of the legislature.

U Of A Professor To Assist City On Commission Work

EDMONTON (BUP)—The Edmonton Chamber of Commerce is seeking the assistance of a leading Alberta educator in preparing a brief on the city's metropolitan planning problems.

Chamber officials say Professor E. J. Hanson of the Department of Political Economy at the University of Alberta, will be asked to work with the chamber's civic development committee on the brief.

When completed the brief will be submitted to the chamber council, which will decide whether to submit it to the Metropolitan Planning Commission.

The commission is scheduled to meet again in Edmonton in about three weeks' time.

Christmas Theme "No Thanks — I'm Driving"

EDMONTON (BUP). — The Alberta Safety Council says its two-pronged fall and winter safety campaign.

The first three weeks of the drive will draw special attention to pedestrian safety. The second half will be based on the theme, "No thanks—I'm driving." It will cover the Christmas and New Year holiday in an effort to prevent accidents caused by driving after drinking.

Postpone Building Of Town Hall

EDMONTON (BUP)—Suburban Jasper Place has decided to postpone building the addition to the town hall to allow further study of the matter by councillors.

Tenders called for the addition's construction some weeks ago were as much as 12,000 above the amount passed by the town ratepayers to build the addition.

The councillors then decided to build the addition by hiring town employees. But Mayor J. M. Stone says later events have caused a reversal of this decision.

He says the council felt that town residents are not in favor of building the addition when there is a possibility of amalgamation with Edmonton.

minor repairs, and for the making of ice as soon as weather permits. Miss Joyce McCutcheon, district home economist, addressed a large gathering of ladies and their daughters here recently and a 4-H club was formed. At present there are 24 girls who have put their names down as being interested in the activities of this club. The first meeting is scheduled for November 23.

To Appeal Jail Sentence

EDMONTON (BUP) — Edmonton Magistrate H. W. McCulla sentenced a man to 20 days in jail for driving while his license was suspended, despite a defense argument that the law is open to question.

The sentence was imposed on Basil C. Walker.

His counsel, James Ogilvie, asked that the case be adjourned to await a supreme court decision on the validity of the section of the Vehicles and Highway Traffic Act under which he was charged.

Ogilvie contended that the section is beyond the power of the provincial law because the same offense is covered in the criminal code.

The magistrate ruled that the section is valid, and when Ogilvie refused to enter a plea for his client the court instructed the entry of a not guilty plea and the crown proceeded.

The defense called no evidence but indicated the decision would be appealed.
